

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies proposed to or pending before a local, state or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council with the concurrence of the Mayor; and

WHEREAS, Every woman needs access to a range of safe, affordable and comprehensive reproductive health care throughout her life, including cancer and sexually transmitted infection screenings, contraceptive services, abortion care, prenatal care, and labor and delivery services; and

WHEREAS, reproductive health is a vital component of a woman's overall health, and a woman's freedom to make reproductive decisions is vital to her safety, well-being, economic opportunity, and ability to participate equally in society; and

WHEREAS, on January 22, 1973, the U.S. Supreme Court, in a historic and landmark decision, ruled in *Roe v. Wade* that the U.S. Constitution safeguards a woman's ability to make her own personal medical decisions about when or whether to have children; and

WHEREAS, in the last 43 years, access to abortion care has allowed women to participate more fully in society, saved lives, and strengthened families; and

WHEREAS, the government, by partially or fully subsidizing health insurance and health care services for individuals who meet certain eligibility criteria, recognizes that health care is essential to protect an individual's ability to fully participate in her family, community, and society; and

WHEREAS, health insurance, whether private or government funded, should cover the full range of a woman's options when she is facing an unintended pregnancy, so that she is able to make the decision she deems best for her and her family without interference; and

WHEREAS, we must guard against efforts to deliberately erode the availability and affordability of abortion and undermine the protections provided by *Roe v. Wade*; and

WHEREAS, one such restriction is the Hyde Amendment, passed by Congress on September 30, 1976, which has for [nearly] 40 years denied abortion coverage for low-income women enrolled in the Medicaid health insurance program, significantly impeding their ability to access abortion; and

WHEREAS, California and many other states offer vital health care to fill the gap left by the federal Hyde Amendment by providing those enrolled in the state Medicaid plan with coverage for the full range of pregnancy-related services, including abortion; and

WHEREAS, many women in the City of Los Angeles, including state and federal employees, Peace Corps members, and beneficiaries of Indian Health Services and military insurance programs, obtain insurance coverage through other public insurance programs that also include restrictions that withhold coverage for abortion; and

WHEREAS, September 30, 2016 marks the 40th year of the federal Hyde Amendment, which denies women use of Medicaid insurance for abortion and represents the nexus of deeply entrenched economic injustice, racism, and gender-inequity;

WHEREAS, the Equal Access to Abortion Coverage in Health Insurance (EACH) Woman Act was introduced in the U.S. House of Representatives in July 2015; and

SEP 13 2016

WHEREAS, the EACH Woman Act would ensure coverage for abortion for every woman: however much she earns, however she is insured, or wherever she lives, and prohibits political interference with decisions of private health insurance companies to offer coverage for abortion care; and

WHEREAS, laws that restrict insurance coverage of abortion can create insurmountable obstacles to quality health care; and

WHEREAS, when health insurance coverage for abortion is restricted, the harm falls hardest on those who already face significant barriers to receiving high-quality health care, such as low-income women, immigrant women, young women, women of color, and transgender and gender-nonconforming people; and

WHEREAS, a woman who wants to get an abortion but is denied is more likely to fall into poverty than one who can get an abortion; and

WHEREAS, it is imperative that funding of comprehensive reproductive health care be increased and that abortion be covered as part of comprehensive reproductive health care in all public insurance programs to ensure that services are accessible for women who are enrolled in such programs.

NOW, THEREFORE, BE IT RESOLVED that with concurrence of the Mayor and by adoption of this resolution, City of Los Angeles hereby includes in its Federal Legislative Program SUPPORT for HR 2972 (Lee), the EACH Woman Act, or any similar legislation that calls upon Congress and President Obama to support and reinstate insurance coverage for abortion services for women enrolled in public insurance programs.
